REISSUE APPLICATION DECLARATION BY THE INVENTORS

As a below named inventor, I declare that:

My residence, post office address and citizenship are as stated below next to my name; I believe I am an original, first and joint inventor of the subject matter which is claimed in U.S. Patent No. 5,806,005 entitled: **WIRELESS IMAGE TRANSFER FROM A DIGITAL STILL VIDEO CAMERA TO A NETWORKED COMPUTER**, the specification for which was filed on May 10, 1996 as Application No. 08/644,349 and is attached hereto.

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above. I acknowledge the duty to disclose information which is material to patentability as defined in Title 37, Code of Federal Regulations, Section 1.56.

I verily believe the original U.S. Pat. No. 5,806,005 is partially inoperative or partially invalid by reason of having claimed less than I had a right to claim in the patent. At least one error in the original patent, which is corrected in the present reissue application, is the failure to claim resetting a camera memory for the storage of subsequent images irrespective of when a previously stored image is transmitted.

All errors corrected in the present reissue application arose without deceptive intent on my part as applicant.
